LOSS SUFFERED IN COUNTY

Officials Working on Distribution
of Funds

Statistics of school enumeration for the past year shows that a loss of 37 persons was sustained outside the city of Lima. The increases of persons in the city over 1918 was \$3 and of those in the county 46.

Announcement of these statistics has just been made by E. C. Akerman, deputy auditor in the office of C. R. Phillips, auditor of Allen county. In 1919 school enumeration in Lima totaled 10,004. In 1918 the number of children eligible to attend school was 9,921, a gain of 83 for last year.

Allen county's school youth, in 1919, which also includes those in the city of Lima, numbered 17,517. In 1918, the number was 17,471, a gain of 46.

Deputy County Auditor Akerman is now working on the distribution to be paid from the common school fund and state common school funds. The common school fund is that commonly known as the Section 16 fund and technically as the irreducible debt," Mr. Akerman stated.

"The state common school fund is that allotted to the county, according to the enumeration of school youth. The common school fund is obtained from interest on lands sold years ago out of Section 16 in each congressional township. The common school fund distributed by Allen county is constant and always remains \$2,512.09. During the entire time I have been in this office the rate for the state common fund has been \$2 a head," Mr. Akerman said.

It is for the reason stated above it is absolutely necessary that every child be enumerated for school purposes, that all the money possible can be secured for educational purposes.

EGGS REMAINS IN
HARNESSeran Speaker Will Not Be
Allowed to Retire.

Hon. John Begg, Columbus Grove, oldest speaker at state farmers' institute in point of service, and who had resigned his office as speaker, will not be allowed to drop out of the business. There has been such a large demand for his services in many cases he has been forced to refuse his appearance.

Mr. Begg has served more than twenty-five years as state farmers' institute speaker. He began years ago when he still lived on his large farm in Monroe, Allen county. Of late years he retired from the farm and moved to Columbus Grove.

He has addressed more institutes than any man now living. For more than a generation he has been a leader in agricultural circles. He has done his part in developing northwestern Ohio from worthless swamp to the highest-priced corn land in the country. All the while he has been more interested in progressive people and good homes than in fertile acres and profitable livestock.

He has spoken in every county of the state and in most of them, many times. Still young in spirit, his message is refreshing and timely.

So great was the demand for his services the state board of agriculture booked him for eight institutes. In the meantime nearly every day from early November until the first of March could have been filled with speaking dates. But Mr. Begg arranged to fill only a part of them. He is in great demand as a speaker at farmers' picnics and summer gatherings.

Mr. Begg never aspired to political office. He has served as president of the state board of agriculture, while still being a speaker. He will finish his work in the latter part of February at institutes in Bellevue, Londonville and Lexington, Ohio.

WOMEN STABBED
BY CRAZED MANEnters Homes and Smashes Win-
dows—Police Search for Man

CLEVELAND — What police believed to be a whiskey or a drug-crazed man was being hunted for terrorizing and either stabbing or beating nearly a score of women here Thursday night.

The man ran into several homes, smashing windows and, slashing everybody within reach with a large knife.

The man appeared in different parts of the same neighborhood at half-hour intervals. While the police were answering one call, he would be operating at another point. His last appearance was made shortly after midnight. A general alarm was sent out and a hunt is on in every part of the city.

SITUATION NOT ALARMING

Disease Appears in Milder Form
Than Epidemic Last Year

WASHINGTON.—Reports to the public health service on the influenza situation Friday showed the disease is apparently spreading with equal swiftness in both cold and temperate sections of the country.

Washington state reported that 540 cases were there while Texas had 652. Florida reported many cases.

The disease also has appeared in rural districts of 300 cases reported by North Dakota, more than 200 were in rural communities.

A telegram from public health officials at Honolulu reported that "numerous cases of influenza are arriving here on vessels."

State officials in South Carolina reported 356 cases to date indicating a "general return of the epidemic in mild form especially in localities not visited by the disease last year."

Surgeon General Blue again Friday emphasized that the situation is not alarming. No requests for assistance from the federal government have been received, he said.

RETIRED GROCER IS
HELD WITH GIRLElderly Ohio Man and 17-Year-
Old Lover Arrested

COLUMBUS.—The next chapter in the love romance of J. A. Thomas, 58, retired Lancaster grocer and Miss Florence Short, 17, his confessed sweetheart, will be aired in the Fairfield county juvenile court.

Thomas and Miss Short were held here Friday by operatives of a detective bureau. They were arrested Thursday night in Covington, Ky. Miss Short held in her arms a baby girl, born in Covington nine weeks ago and which Thomas acknowledged as his own.

Thomas declared that his love for Miss Short would not allow him to permit her to be neglected when she left the home of her parents at Lancaster last August.

He said she went to Cincinnati and later to Covington, where she rented an apartment and lived under the name of Mrs. J. E. Curtis.

He said he visited her frequently and provided her with money. Their acquaintance, he said, dated back more than a year and a half, when she was employed in his grocery.

Thomas is married and has several grown children. He will likely be charged with contributing to the delinquency of Miss Short.

"I realize that my reputation is ruined," he said Friday. "My one hope is that Florence will not break down."

CANTON MAN IS
SHORT OF FUNDSState Examiner Finds \$4,057.19
Deficit in Treasurer's Books

COLUMBUS.—An apparent deficit of \$4,057.19 was found in the accounts of M. E. Evans of Canton, treasurer of the Springfield Lake Sanatorium by Carl Bowman, special state examiner, whose report was made public Friday.

The following counties support the sanatorium which is located near Akron Summit, Portage, Mahoning, Stark and Columbiana.

Efforts made by Summit county to buy the interests of the other four have been blocked by Evans for a long time, advisers from Akron said Friday.

Evans claims that the apparent shortage is covered by expenditures amounting to \$7,081.63 for stamps, telephones, automobile repairs and other miscellaneous expenses.

Bowman, in his report, holds that these will not be allowed on the ground of gross irregularity and illegality because the account was not itemized.

Evans was criticized because he kept funds in the bank under a personal account. This was branded as unbusiness-like but not illegal.

NONPARTISAN IN
MINNESOTA RACE

Julius Schmalz.

ST. PAUL, Minn.—(Special)—Schmalz, secretary of state of Minnesota, is the newest candidate to enter the field for the Republican nomination for governor of Minnesota. He submits his case to the Republican voters at the primary election to be held in June.

Mr. Schmalz is agreeable to the proposal that has been made in the state for the holding of an informal Republican convention, the purpose of which would be to unite on a single candidate for governor to oppose the Non-partisan league gubernatorial nominee who will be entered in the Republican primaries. The purpose of such elimination would be to place the support of all Republicans who are opposed to the Non-partisan league, back of a single candidate.

FARMERS MEETING
NEAR CLOSEAttendance Surprises Leaders
With 5,000 Present

COLUMBUS.—The most successful Farmers week program ever staged at Ohio state university was drawing to a close Friday afternoon. All farmers week attendance records were shattered Friday when the 5,000 mark was reached. Late arrivals Friday promised to swell the total attendance for the week to 6,000.

Dean Alfred Vixian of the college of agriculture Friday presented medals to the 11 Ohio farmers who raised over 100 bushels of corn per acre on plots of ten or more acres. These 11 men who are now members of the Ohio 100 Bushel Corn Club, are:

Richard Hedges, Ashville, J. C. Easterday, Canton; H. H. Puterbaugh, Darke county; L. L. Brown, Highland county; Charles Appel, Scioto county; E. L. Buehler, Tuscarawas county; A. L. Lewis, Greene county; L. A. Demorest, Delaware county; William Gilmore, Licking county; J. D. Woodburn, Urbana, C. L. Slack, Muskingum county.

Prizes won by boys and girls in various contests throughout the week, also were awarded Friday by Dean Vixian. Here are the winners:

Senior champion—Sarah Canover, Butler county.

Sheep judging—Clifford Frost, Hillsboro, Dalton Swangle, Philo, second, Harold Boltz, New Philadelphia, third.

Hog judging—Lawrence Edgington, Edison, first; Thomas McLaughlin, Zanesville, second; Ralph Bader, Treadon, third.

Horse judging—Walter Scheld, Conroy, first; William R. Dodge, Marysville, second; Willard Engle, New Holland, third.

Cattle judging—Raymond Cooper, McConnellsville, first; Robert Cooke, Dayton, second.

H. W. Ingersoll was re-elected of the Ohio State Dairyman's Association Friday.

C. H. Davis, Newark, and R. B. Gates, Chardon, were elected president and vice-president of the Ohio Guernsey Breeders' Association.

LONDON.—Red cavalry has forced passage of the Manych river valley in southeastern Russia, completely defeating the anti-Bolshevik forces, a Moscow wireless communication Friday claimed.

The soviet government claimed capture of 5,000 prisoners in a two-day battle south of Yefremouff. Red forces were commanded by General Dumokov.

In the region of Perekop, the communists said, fighting is proceeding between the forces of General Nizhnek and the Denikin troops with alternating success.

WANT INCOME TAX LAW

School System Bill Goes to Gov-
ernor Cox Friday

COLUMBUS.—The joint taxation committee of the legislature and the state grange, Home Protective League and Farm Bureau Federation of Ohio Friday were deadlocked over the method of the tax amendment to the constitution should be submitted.

The farmer organizations insist that the taxation committee write into the amendment that immediately after the proposal has been voted on, the legislature enact an income tax law.

"This is foolish," said the committee. "The constitution can't say what the next legislature shall do, but what it might do."

"If the taxation committee and the legislature are sincere they'll adopt our suggestions," say the farmer organizations.

The legislature has gone as far as it can," Senator Parrell, chairman of the taxation committee, said Friday.

"We'll try and put the resolution to submit the amendment thru the legislature and see what the people will decide."

"If the legislature passes the resolution, we'll whip the amendment at the polls," declares L. J. Tober, head of the Grange.

State Auditor Donahoe is for the taxation committee's proposal.

A test of strength between the rural members of the general assembly and those lined up with the taxation committee, is expected early next week, when the general assembly returns to work.

The bill for re-financing the school system of Ohio was before Governor Cox Friday after passage in the senate. The bill provides for a state-wide levy of 1.5 mills for school purposes; county levy of one mill and a levy of not to exceed three mills by school districts.

The bill will enable weak school districts to pull themselves out of the hole and will be the means of giving teachers a minimum salary of \$300 a year.

Finishing touches on the bill to boost the pay of supreme, appellate and common pleas judges will be handled by a conference committee when the legislature meets again next Tuesday.

Both houses have voted to increase pay of the judges, but the senate refused to commit in the plan of the house to boost pay of common pleas judges of the small counties.

Under the bill the chief justice of the supreme court will get \$8,500 a year, associate judges \$8,000; appellate judges \$7,500 and common pleas judges not to exceed \$7,000.

The branch bill giving municipal the right to own and control their street railway lines was measured to the senate from the house after the first reading. Senator Whittemore moved to adjourn. This placed the bill on the calendar for second reading next Tuesday.

The senate voted to petition the French government to return the bodies of Americans who are buried in French soil.

WASHINGTON.—Interpretation of regulations covering the use of liquor for medicinal purposes were going to internal revenue agents throughout the country Friday. A statement covering this phase of the liquor regulations was issued by the internal revenue bureau late Thursday. Both physicians who prescribe liquor and pharmacists who fill the prescriptions must secure permits from the internal revenue collectors. Not more than one pint of spirituous liquor may be prescribed for one person every ten days.

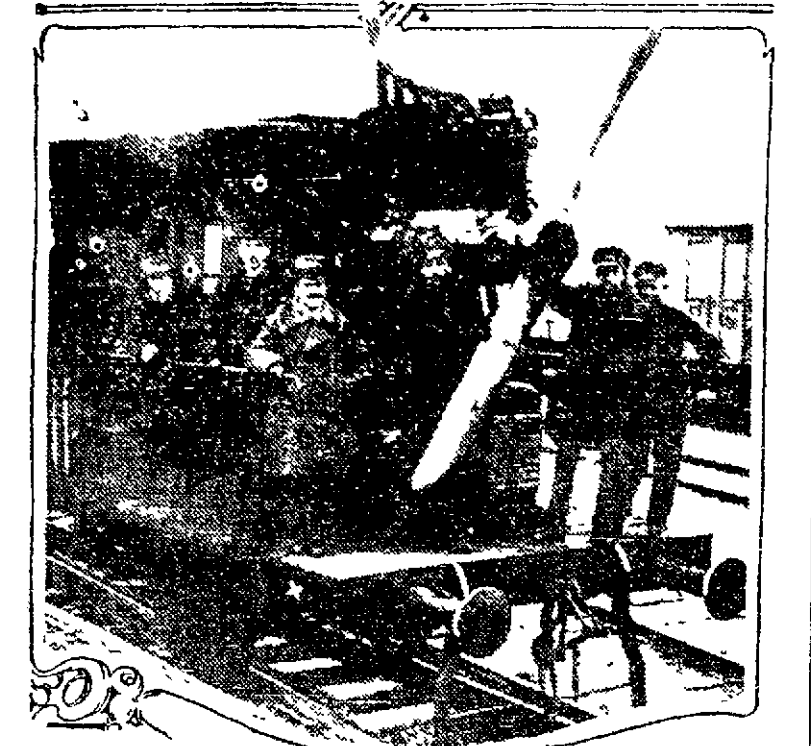

Blanks for prescription of liquor by physicians holding permits are being printed and will be in the hands of internal revenue and prohibition officials. Where such blanks are unobtainable, physicians may use their regular prescription.

Pharmacists permitted to sell liquor may get their supply from manufacturers or other persons authorized to sell liquor. They may also buy seized liquor from the government.

CLEVELAND MAN BRINGS
SUIT AGAINST ROCKEFELLER

CLEVELAND.—Joseph Kirby, wealthy Cleveland business man, entered suit against John D. Rockefeller in an effort to compel him to sell the Rockefeller building. Kirby said Rockefeller repudiated a contract to sell the property to him, after the latter's agents accepted a deposit of \$10,000.

The negotiations began on Jan. 14, this year, and the amount involved was \$2,612,500. On Jan. 17, the deposit was accepted and two days later Rockefeller cancelled the negotiations, Kirby said.

Inspired by the shortage of coal in Germany, Otto Stohltz, Berlin engineer, has designed a railroad locomotive with an airplane propeller, driven by two aerial, 250-horsepower, engines. It is said to be able to travel 130 kilometers an hour and consumes but 500 grams of benzine per kilometer.

Prosecutors Are
In Hot Fight

Eugene T. Lippincott, assistant prosecuting attorney of Allen county, is arrayed against John L. Cable, prosecuting attorney of Allen county, in the trial of Peter Stelzer against the Ohio Electric railway company, begun in common pleas court Friday.

Cable and Lippincott, whose use their energies jointly to fight state cases are now using every little trick of law, each to defeat the other.

Stelzer is suing for \$1,043.03 for personal injuries and damages to a truck struck by a car operated by the Ohio Electric railway. Judge William Klinger and a jury is hearing the trial in the upper court room.

The case was settled, after witnesses had been called and arguments were dispensed with.

STAINLESS PISTOL

Fate of Woman Hangs on Condition of Revolver.

MARYSVILLE, Cal.—The freedom of Mrs. Gertrude Wilson Thursday hung on whether or not there was blood on the revolver of Charles Brown, for whose murder she is on trial.

All testimony Thursday dealt with that question. The prosecution attempted to prove that Brown, a wealthy sheep owner, was shot by Mrs. Wilson after Brown had attacked her brother, Frank A. McCormick. It contended that Brown's revolver would be blood-stained if he made the first attack. Evidence of officers was that the gun was not so stained. The defense has not yet had time to refute charges. Of the prosecution that Brown was killed because he had "thrown over" Mrs. Wilson in favor of her younger sister, also a married woman.

Mrs. Wilson was in high spirits Thursday. Her husband, Fred J. Wilson, newspaperman, who gave up his work last December to aid in the defense, also asserted optimism over the outcome.

TWO MEN SHOT IN
CLEVELAND

Found in Snowdrift By Pedestrians—Bullets Enter Head

CLEVELAND.—The blood-covered bodies of two men were found in a snowdrift by passers by here Friday. A third man, lying in the snow by the side of the other two was at first reported dead, but by the time police arrived he had disappeared. Identification of the two men has not been definitely established. A letter found on one body was addressed to S. T. Russo, care Frank Utz, Buffalo. A letter found on the other body was addressed to Mike Velanzo 62, Edison street, Buffalo.

Both men had been shot thru the head, examination showed. Robbery was evidently not the motive for the killing, for money was found in the pockets of both, police say.

George Cass, 37, the small whiskey still, five gallons of corn mash and distilling paraphernalia, taken by police Thursday night in a raid on a house at 212 East Wayne street, will be taken to Toledo late Friday, and turned over to federal authorities, Revenue officer S. P. Herr reported Friday.

George "Curley" Burnes, who with Cass was arrested on charge of suspicion was released Friday.

Charges against Cass will be made at Toledo, Herr said Friday.

At the time of the raid, members of the raffish party say, the still and mash were found hidden in a clothes closet of the room. Both men denied ownership of the still and told police that the apparatus has been in the room since they had rented it.

DEFINITE REMOVAL PLANNED

Waterworks Superintendent Says
Fight is At End

Charles Evans was formally suspended as superintendent of water works Friday morning by Service Director McClain for alleged insubordination.

McClain declared that Evans was removed from the city pay roll for a period of 30 days.

A newspaper interview given a morning paper is said to have brought about the charge of insubordination, according to McClain. The offense was aggravated, McClain said, by the action of Evans in the office of the service director Friday morning.

Evans was ordered to turn over to McClain all city property within his jurisdiction. Evans had not complied Friday afternoon. Dudley Faust has been appointed temporary superintendent to act during the term of Evans' suspension.

In view of the recent request of the service director that three names be certified by the civil service commission from which to choose a successor for Evans as the result of ouster proceedings against him, it is not believed that it is the intention of the service director to allow him to be reinstated.

McClain stated that Evans was practically no longer a civil service employee. He added that he did not think Evans would serve his period of suspension before he was removed from office.

Evans stated Friday that he had not been asked to make a return of property by McClain.

He declared that he would leave his office at the close of Friday with out an accounting of the city's property under his supervision.

The superintendent said that he would not appeal the decision of McClain in suspending him for month.

"As far as I am concerned I fight to secure my removal is at an end," the superintendent stated.

He said that he might await the outcome of Frank A. Downing's attempted ouster of Mayor Burkhardt.

Evans made a statement Friday that hot words ensued in the office of McClain.

According to Evans the suspension order was issued when McClain requested that Evans discontinue a conversation between themselves.

Evans declared that he would not "keep still," and that "I have the right to talk."

Evans was handed an order of suspension shortly after this which took him off the pay roll for a period of 30 days, effective January 30.

SPEED WORK TO
RETURN ROADSAroused By Danger of Organized
Labor Succeeding in Drive

WASHINGTON, D. C.—Aroused by the danger of organized labor succeeding in its drive to force extension of government control of the railroads, thru failure of railroad legislation by March 1, when the roads are to be relinquished to their owners, senators and representatives on the conference committee have begun to compromise their differences on the Cummins-Esch bill.

A compromise proposal by the senate conference was fragorously received by the house members today and both sides are now confident of a speedy breaking of the deadlock. An effort is being made to reach an agreement on the bill before the end of next week.

The anti-trike provision of the Cummins bill will be eliminated and if no satisfactory substitute is brought up, the entire labor section is likely to be dropped, though probably not until after the conference have gone back to their respective houses for instruction.

It is also not unlikely that the provisions for the creation of a transportation board and the consolidation of the railroads into from twenty to thirty-five systems will be stricken out.

The compromise proposed by the senate conference involves the insertion in the much discussed section 6 of the Cummins bill, of a provision limiting its operation to a period of probably three years, or, possibly five.

This relates to the provision that rates shall be adjusted so that the average earnings of railroads by groups shall be 5 1/2 per cent.

The compromise also involves an excise tax upon the railroads as a means of disposing of excess earnings.

Section 6 has been the chief stumbling block to an agreement. House conferees have been obstinate in their refusal to consent to any such guarantee of earnings as implied by section 6 of the senate bill.

The house bill contains no such section, action having been taken on the floor striking out entirely the mild rule of ratemaking contained in the Esch bill, as reported from committee.

Jobbers, Wholesalers and Retail-
ers Divide Big Profits

WASHINGTON. — Evidence that jobbers, wholesalers and retail dealers are dividing a profit of more than 100 per cent at 20 cents a pound on sugar was found Friday at the United States department of commerce.

The reports showed that in December 8 1-4 cents per pound was the price at which American refiners sold sugar for export from the United States.

During the same month the price charged by retail dealers in 50 cities averaged 14 1-2 cents per pound, showing that after the sugar left the refineries 6 1-4 cents was added to each pound sold. The average price quoted was compiled by the labor department bureau of statistics from reports of hundreds of price reporters.

In many cities, the retail price was far more than 14 1-4 cents. In Atlanta, 22 1-2 cents per pound was charged; in Little Rock the price was 22 1-2 and in Memphis 21 1-2; Birmingham 21 1-2. In some cities, however, the retail price was below the average. Thus, in Boston, retailers charged 11; Chicago 17 1-2; Cleveland 14 1-2 and New York 11 1-2.

In the same month the average wholesale price of sugar was 10 1-2. Also these prices are for December, the price at which refiners now can import cane sugar from Cuba and sell it for export has not advanced much beyond 8 1-4 cents, officials here say.

On the fact, much of the granulated sugar now being sold at 20 cents and more per pound was imported and refined in December. Refiners make a profit of only about 2 1-4 cents per pound on sugar imported from Cuba, refined and then sold for export at 8 1-4 cents. In December they imported from Cuba a total of 212,706,592 pounds at a cost of \$13,829,929. This is at the rate of 6 1-2 cents per pound.

During December 440,000 pounds of raw sugar was imported free of duty from the Philippines at a cost of \$43,465 or approximately nine cents a pound.

Refined sugar exported during December totaled 99,189,088 pounds. The price at which it was shipped was given to customs collectors as \$8,186,203.

American refiners made a margin of approximately \$2,231,000 during December on sugar sold for export. It was estimated.

The margin divided between jobbers, wholesalers and exporters on imported sugar totaled \$7,094,244 in December.

OHIO FARMER WAS WORRIED OVER HIS WIFE'S TROUBLE

She Had Suffered Three Years—
—“Tanlac Has No Equal,
He Says.

“Yes, sir, I can recommend Tanlac, and I am glad to do so after what it has done for my wife,” said

Waldridge, a farmer living near Walbridge, Ohio, ten miles from Toledo, while in Newcomer's drug store in Toledo, recently.

“For the past three years,” Mr. Waldridge continued, “my wife has been in extremely poor health. Her appetite was so poor she just had to force down every mouthful she ate. She suffered terribly from indigestion and after every meal complained of a stuffy, distressed feeling in her stomach. She would have weak fainting spells, and at times would get so dizzy it was all she could do to keep from falling. Do what she would she kept getting worse and grew weaker and weaker every day, and I was very much worried over her condition.

While in Toledo about three weeks ago, a friend of mine who knew of my wife's poor health, advised me to get her some Tanlac. Well, I carried a bottle home the next day, and I want to say it proved to be exactly what she needed, for I never saw anything to equal the way she began to improve as soon as she started taking it. I sent to town and got her another bottle, and I am here today for the express purpose of getting her two more. Why, sir, I think it simply wonderful the way Tanlac has helped her. Her appetite is so good that she is hungry all the time, and can eat just anything she wants and everything agrees with her perfectly. She is gaining in weight every day, and has regained her lost strength so now she does all her work around the house without its worrying her a particle. As I said before, I can recommend Tanlac, and I am mighty glad I have had this opportunity of telling how much I think of this grand medicine.”

NOTICE GAS CONSUMERS

The natural gas supply is very short and will continue to be so as long as the weather is cold.

We can furnish you all the ARTIFICIAL gas you can use, but do not attempt to change from the use of natural gas to artificial gas without first consulting the Gas Company, as gas mixers adjusted for natural gas will not burn artificial gas satisfactorily.

THE LEADER STORE'S FEATURE ATTRACTION---SATURDAY

Original Last-Day Monthly Ten Percent Off Discount Sale---Everything in the Store!

THE SALES ORGANIZATION:

SATURDAY—Our sales-organization has been instructed to give you ten percent off on everything you purchase here tomorrow. It will not be a case of asking for it—you get it on everything you buy—(except Bargain Basement goods). Therefore you will get double values at the Leader Store—be sure and shop here and save many dollars—come in the mornings and avoid the afternoon and evening crowds.

A BONAFIDE EVENT

SATURDAY—This event was started last December and the response was very big. Tomorrow we anticipate far greater business inasmuch as all our merchandise is reduced for our January Clearance Sale and plus the 10 percent will pay you double dividends. Every floor in the store has contributed enough items that it will surely pay you to come and come early. Shop in every department.

THIS EVENT WILL BE HELD THE LAST DAY OF EVERY MONTH

JEWS STATE LAUNCHES FIRST SHIP AT JAFFA

LONDON -- The proposed Jewish State of Palestine is going to have a fleet, but it will comprise ships of trade and peace, not warships. Israel Cohen, Zionist organizer, says the first Jewish ship, Ha-shahar (the Warrior) has been launched at Jaffa, and it will be used to repatriate Jews from Russia.

But a Jewish nation will cover in duties in warships, said Cohen. With England as the mandatory power, who could wish to be better protected?

Yet why should we not have our own merchant ships manned by our own citizens, to carry our own goods to all parts of the world? That will be the aim of a Zionist.

TRIAL OF ARMY OFFICER ENDS

Verdict of Jury Goes to Reviewing Officer

NEW YORK.—After five minutes deliberation, the seven officers comprising the court martial board, which tried Captain Karl W. Detzer, accused of brutality to prisoners under his command in France, reached a verdict. The finding has been sent to the reviewing officer and will be announced when it is sanctioned.

The Detzer trial extended over a period of eight weeks, and took up 29 court days. Detzer was charged with 27 specific actions of cruelty and mistreatment of army prisoners under his supervision at the department of criminal investigation headquarters at Le Mans, France.

BOY SHOT, DIES.

KENTON.—Henry Raymond Boyle, aged three, who shot himself accidentally while playing with a gun his father kept loaded for use in case burglars entered the house, died from the effect of the gun shot wound in his side.

CLEVELAND WOMAN A DEMOCRATIC DELEGATE

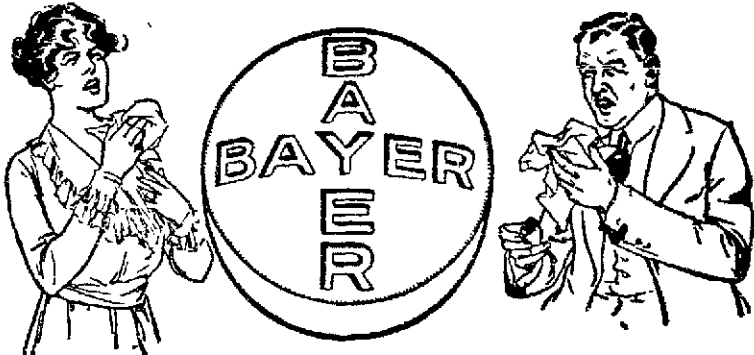

CLEVELAND, D.—Mrs. A. B. Pyke, Cleveland, chairman of the women's Democratic committee of Cuyahoga county has been definitely selected as a delegate to the Democratic national convention, according to an

announcement of V. B. Gongwer, political leader. Friday, Gongwer says she has the honor of being the first woman in the country selected to act as delegate at a national political convention.

Secretary of War Baker will probably be one of the delegates at large from Ohio, Gongwer said.

"BAYER CROSS" ON GENUINE ASPIRIN

Each package of "Bayer Tablets of Aspirin" contains proper directions for Colds, Headache, Pain.

To break up a cold in the head, neck, back, or any part of body be sure you take only "Bayer Tablets of Aspirin" with the safety "Bayer Cross" on them. This is the genuine Aspirin, proved safe by millions and prescribed by physicians for over eighteen years.

You must say "Bayer"—Don't merely ask for Aspirin Tablets. Then

you can take them without fear, to relieve your Colds, Headache, Neuralgia, Earache, Toothache, Rheumatism, Sciatica, Lumbago, Neuritis, and Pains generally.

Handy tin boxes containing 12 tablets cost only a few cents. Drug-gists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylicacid.

LABOR AND FARMERS TO RUN OWN BANKS

CLEVELAND.—A co-operative banking system with one or more large central banks is part of the plans of the All-American Farmer-Labor Co-operative Commission. Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, said here. The commission, of which he is general treasurer, will hold a congress in Chicago February

12 to 15 to frame a comprehensive plan.

"Four hundred delegates at the Chicago convention will represent 4,000 co-operative retail stores and thirty-seven co-operative wholesale houses and about 900,000 farmers," said Stone.

"With these interests the new co-operative factories starting and the growing movement all over the country, a group of co-operative banks can perform a big service."

You Cannot Hide Your Fat

Overfatness is one misfortune you can not hide from yourself or from those around you. If too thin, your dressmaker or tailor can supply the deficiencies, but the overfat carry a burden they can not conceal. There is one sure way to reduce your weight safely and quickly. The harmless Marmola Prescription, which changes the fatty tissues and fat-producing foods to solid flesh and energy, helps the general health and circulation, permits you to eat and live as you like, and leaves the skin clear and smooth. This famous prescription is now condensed into tablet form. Each tablet contains an exact dose of the same harmless ingredients that made the original prescription capable of reducing the overweight body at the rate of two, three, or four pounds a week without the slightest ill effects. Take but one tablet after each meal and at bedtime until the normal weight is reached and the bodily health completely restored. Ask your druggist for Marmola Prescription Tablets, or send to the Marmola Co., 364 Woodward Ave., Detroit, Mich., and you will receive for \$1 a full case—enough to start you well on your way to slimness and happiness.

FELT LIKE KNIFE WAS BEING STUCK INTO MY BACK

Sandusky min sulfated cures from lumbago, backache, kidney trouble, and rheumatism.

Nothing helped him until he got Dreo, the great root and herb medicine.

"If some one had stuck a knife into my back it would not have hurt any more than my back and side did from lumbago and rheumatism," said Mr. John Ridei of Cottage A, Soldier's Home, Sandusky, O.

Only those who have this trouble realize my feelings for you have to go through it to know what the suffering is like. I was in misery all the time and when I could lie down could hardly turn over and when I got in a chair I'd hate to get up on account of the pains. My sleep was badly broken and I was getting weak. My situation was in a very weakened condition from the strong medicine I took for my rheumatism. I was taking two kinds of medicine for rheumatism when I read of Dreo and put both aside for this new medicine. Dreo proved in a few days that it was real medicine for I soon saw the effects. My pains got easy, my sleep became sound, the backache passed away and I could get up and down without pain, my stomach got better and my food agrees with me. I'm still taking Dreo and I want to give it a fair chance to cure me absolutely right again and I feel it can do this."

Any remedy that restores the natural function of the human body is a health making remedy. The use of Dreo, the great herb medicine, tends to restore the appetite to procure natural digestions which is followed by an increased circulation and nutrition of the whole body. Lean, laggard, bloodless people begin to gain weight, strength and flesh at once from taking Dreo as they themselves declare in signed testimonials.

All good druggists now sell Dreo and it is highly recommended in Lima by Baldwin's Central Drug Store, Corner Main and High streets.

IS DIVORCE ON INCREASE?

Sheriff Baxter Declares Separation Record Soaring

Is divorce on the increase in Allen county? Sheriff Charles W. Baxter believes that it is.

He bases conclusions on the fact that since January 18, or in eleven days his office has just made service in 18 cases of divorces filed. The number is larger than for some time, Sheriff Baxter says.

"It's always a case after an unusually cold snap or hot weather," Attorney Cloyd Brotherton, 561-2 Public Square, divorce lawyer, said Friday. "At those times people are not patient with each other. The weather aggravates them and they become easily annoyed."

"When the strained point is reached, they fly to the divorce court."

INFORMAL "WILL" DISPOSES OF TWO MILLION ESTATE

DENVER — An estate valued at \$2,000,000 was disposed of in the briefest and most informal document ever recorded in a Colorado court. The estate was divided among the widow and children of Ora Haley, widely known cattleman and capitalist of Wyoming and Colorado, who made his home in this city the past few years on the strength of a brief note found among his effects. The "will" was written in lead pencil in 1905, and is as follows:

"I have never made a will, but my intentions are to do so shortly and subsequent to this. But in case of my death before doing so I desire my estate to be divided as follows: One-half to go to my wife, Gussie Haley, and the remaining one-half to be divided equally between my three children—Ora Benjamin Haley, my son; and my daughters, Mrs. Anna Gussie George and Mrs. Mattie Blanch Smith."

(Signed) "ORA HALEY,"
"December 6, 1905"

Fourteen years after this was written Haley had neglected to make the will he planned.

NO RAISE FOR EXECUTIONER

OSWING, N. Y. — John Hulbert, Sing Sing's executioner, who recently asked for an increase of 66 percent in his per capita fee for electrocuting murderers, must worry along at the old price. The State Prison Department rejected a bill boosting the price from \$150 to \$250.

BEQUEATHS FORTUNE TO ARMENIAN RELIEF

DENVER — The prevented from returning to his native land, H. Enfajian, Armenian, never lost his love for his suffering country. His entire estate, valued at \$50,000, was bequeathed to the American Board of Foreign Missions, to be used in relief work in Armenia.

Enfajian was a graduate of Euphrates College, of Karpuz, Armenia, and studied at Yale University. He had no relatives.

THIS CENSUS ENUMERATOR LOSES MONEY ON THE JOB

STUBBENVILLE, Ohio — A. E. McLane, census supervisor, lost money gathering names for Uncle Sam.

He had considerable farm territory to cover and his figures show that including meals for himself and feed for the horse, he lost just \$1.63 a day.

In a letter to his supervisor, McLane asked if "Uncle Sam wouldn't be sport enough to pay for feed for me and my horse."

Here is a New and Modern Candy Antiseptic Which Helps Purify The Blood

A Modern Means of Eliminating Poisons from Blood

How seldom we think of the food we eat as a possible source of poison. Not quick-acting and deadly like snake bite or arsenic, but slow, subtle and treacherous. The cause of this self-poisoning can quickly and effectively be removed if taken in time by the use of Partola candies—"The Doctor in Candy Form."

Partola, while doing all that any laxative can do, possesses invaluable antiseptic properties which act upon the millions of germs which breed in the intestinal tract and are carried to all parts of the system by the blood. It tends to prevent the breeding of these germs and helps sterilize and disinfect the whole digestive tract.

Partola is a mild, gentle tonic-laxative and internal antiseptic which comes in the form of delicious peppermint candies without the slightest "medicine taste."

All good druggists sell Partola candies, and they should be in every American home at all times. Be sure you get the genuine Partola, because nothing else is "just as good" or "just the same." In boxes at 25c, 50c and \$1.00.

MEN'S FASHIONS NOT TO APE FOREIGN STYLES

ATLANTIC CITY—Men's fashions for the year will be officially laid out and accepted during the annual convention of the National Association of Merchant Tailors in session here.

"SICKER'N A PUP" NEXT DAY

Salts, Oil, Calomel and Gripping Cathartics Shake You Up—"Cascarets" never Sicken!

Cascarets end biliousness, headache, colds, and constipation so gently you're never even inconvenienced. There is no gripping and none of the explosive after effects of cathartics like Calomel. Salts, sickening Oil or cramping Pills. Tonight take Cascarets and get rid of the bowel and liver poison which is keeping you miserable and sick. Cascarets cost little and work while you sleep.

The 1920 style show is scheduled for Wednesday in the Hotel Breakers. All parts of the country as far west as St. Louis will be represented in the assembly of styles. Early arriving New York tailors say there is no tendency on the part of American tailors to ape foreign fashions in men's attire.

Scores of Fine Plush Coats For Saturday's Selling

We are now showing the largest and best collection of Plush Coats we have shown this season. We advise buying now for next year—Plush is made of a fine silk which is imported. The price of plush for next season will be \$3 to \$7.50 a yard higher than this year—This means the plush alone will cost \$10 to \$25 more according to the quality than this year's price to say nothing of increased costs of lining, making, etc.—This is a positive fact. We are already contracting Plushes for next year—Styles are the same.

Our Coats are made of fine silk Seal Plush—either Plain or fur trimmed and lined with fine durable linings. All sizes are represented.

Priced at \$39.75 to \$150

The Trolleyless Street Car

HENRY FORD IS breaking into print again. He has invented what might be termed a trolleyless street car or a railroad flivver. It is a gasoline-driven car designed to run on a steel track, and to take the place of either a trolley car or a railroad train. Mr. Ford is said to have faith that it will eventually replace both, doing away entirely with urban and interurban trolley systems and with steam locomotives.

THE FIRST MODEL of this new car is to have a test trip soon, running for time against the Wolverine, the fast train on the Michigan Central railroad, between Detroit and Chicago. The engineers who helped work out the design expect it to make 75 miles per hour. It consists simply of a light trolley car body driven by a pair of overgrown flivver engines, with the regular Ford control system, the engines being mounted underneath the floor, leaving all the car space clear for passengers.

WHETHER THIS invention will work remains to be seen. There seems to be no reason for thinking it will not. Motor cars may be driven on steel rails just as well as on paved roads—probably better. The thing, in fact, has already been done, not precisely in this way, with such ambitious intent. Detroit is said to have such faith in Ford's new scheme that, if its performance lives up to its promise, it will be made the basis of a new \$15,000,000 municipal street car system.

THE POSSIBLE advantages of such a system in a smaller city are obvious. It would be very elastic. It need not cost much, and could be adapted easily to the needs of a small population.

IT MAY BE ONLY a dream; but too many absurd dreams have been realized lately in the realm of transportation to make people over-cynical about innovations. The results of the experimental run will be awaited with keen interest.

Helping Our Foreigners

CLUB WOMEN OF this city have shown a very commendable spirit in cooperating with Mayor Burkhardt in his Americanization work. They may do a very valuable service in this work and with their aid the city's executive will be enabled to rapidly extend the undertaking. Much good should come of this invitation for it has been proved that foreigners make good citizens once they fully realize what opportunities they have in America. The women are to be congratulated upon the interest they are showing.

Walk On Left Side

SINCE THE SIDEWALKS have been in such a dangerous condition because of the ice, it has been customary for pedestrians to walk in the street for greater convenience and safety. Many have had narrow escapes from automobiles because of this practice. When walking in the streets persons should keep on the left side. In this way they will not be in danger from automobiles going in the same direction but may be able to see all approaching vehicles.

MISS LIMA: "With the new Paris styles, very scant skirts, sandals and no stockings, it's no wonder the League of Nations is afraid to trust itself there."

AS YOU LIKE IT

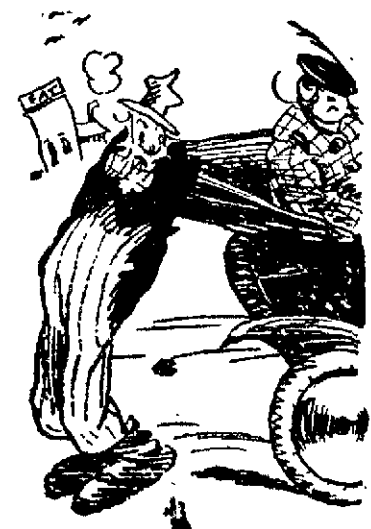

WHEN YOU CAME

Beneath cathedral elms I wandered alone;
My heart was numb; for me the summer sun
No longer with its old-time splendor shone;
The tale was told at last, my life was done.

An oriole, amid the boughs overhead,
Fluted its love-notes, but I heard them not;
My eyes were darkened and my soul seemed dead;
A cloud lay on the landscape like a blot.

And then you came, and all my pulses stirred
To sudden music; o'er the earth

No Hard Times

GOVERNMENT OFFICIALS are not depressed or pessimistic over any decrease in deposits in the postal savings system or any increase in withdrawals over deposits. Neither is any rapid redemption of War Savings Stamps regarded as grounds for alarm and indication of hard times.

REDEMPTION OF stamps or withdrawal of savings may be attributed to several leading reasons as follows:

- 1—People are sending money to relatives in Europe from whom they were cut off during the war.
- 2—Alien workers are themselves going back to Europe.
- 3—Speculation in farm lands and oil wells.
- 4—Workmen in industrial centers are buying their own homes.
- 5—Strikes.

IT IS TO BE expected that less interest will be shown in War Savings Stamps now that the war is over, altho they afford a fine means of saving. They pay good interest and may be converted into cash at any time. But the patriotic enthusiasm is waning and the decrease in sales is in direct proportion.

DEPOSITS IN BANKS do not indicate hard times. Bankers declare they are doing more business than ever before. Heads of financial institutions in Lima are enthusiastic over the manner in which the people are increasing their savings. The sale of homes is growing rapidly and the outlook is becoming brighter daily.

A Change Coming

EVERY DAY BRINGS us nearer a new form of city government in Lima. Past developments paved the way and a disgusted people voted for a charter commission. Then new hands took up the reins and it was thought the change might be stayed, but no. Present developments indicate that a change in politics does not change the system. We have political fights and bickerings. We have the influences that tend to deter instead of promote progress. When the people are convinced that conditions are the same—and they are pretty nearly convinced now—the same disgust which caused them to take the first step in getting a reform system of government will drive them to go the rest of the way.

Farmer's Week.

THIS IS A BIG week for the farmers. Thousands of them are "going to college" in Columbus and will spend five very profitable days. They will get the latest information pertaining to agriculture and in addition will visit the Ohio State Corn and Grain Show being held in connection.

BESIDES ALL THEY will hear, the farmers will have a chance to see a special train of four express coaches loaded with all the latest conveniences for farm homes. There probably is not a farmer in the state who cannot profit by the big week's work. The popularity of this work is shown by the big increase in attendance since it was started eight years ago.

A WISH

"Backward, turn backward, O Time
in your flight,
Give us our sugar, so creamy
and white.

Give us the old-fashioned thirty-cent
lunch,
And blooming young soup greens,
at two cents a bunch.

Orchestra seats at a dollar a throw,
Good shirts and kellys at two
bucks or so.

Backward, turn backward, O Time
in your flight,
Give us our hops again, just for
tonight."

—Lester Lamb

The "Literary Digest" contains a picture of an old man looking at a thermometer. There is a heavy snow falling and the mercury registers 15 degrees below zero. We do not take by being called upon to criticize our old friend, the "Digest," but nobody ever saw a snowfall in that temperature.

But there's many a jag in the old black bag
That the hawk-shaws know not of.

WHAT THE STARS PREDICT

"This is an unfortunate day when it is best to move carefully. The human viewpoint is likely to be distorted today and no dependable source should be placed on one's judgment."

Any thing connected with mine has an unfortunate aurogy and disaster is indicated. The Orient will come into prominence through some startling revelation, the stars predict. Reforms in marriage and divorce laws are indicated for this year, likewise a radical change in woman's dress.

Persons whose birthday this is are warned against change. Children born on this day will be energetic but too restless to complete success.

HEALTH ADVICE

By William Brady, M. D.

Save the Wrapper—III The Skin and the Ductless Glands

Several times I have mentioned in this column the successful treatment of cases of persistent pruritis, which is one of our impressive medical words meaning, in this instance, itching without visible cause, by appropriate ductless gland extracts. I mention such things reluctantly, however because it always means a shower of inquiries for further details and I have no further details to offer. It is for the individual's physician to decide which, whether or how much ductless gland substances shall be administered.

Following are some other characteristic skin conditions due to hypothyroidism. There goes another whopper of a medical term; it means functional insufficiency of the thyroid gland. The reader is cautioned that thyroid gland preparations are exceedingly powerful two-edged swords which no layman can safely experiment with.

1. The skin of the palms is dry, the nature lines deeper than usual, and perhaps fissured.

2. The skin over the covered portion of the body is often dry, scurfy, and of a peculiar saw-tooth color. On the legs it feels rough, raspy-like, and may be scaly like dandruff. The elbows and knees particularly show a scurfy condition.

3. In the hollows just above the collar bones are peculiar pads, not of fat, but firmer or more resilient deposits. Sometimes similar thickenings or pads are found in the skin in other places.

4. Often there is a dull purplish flush on the skin of the nose and cheeks curving down to the corners of the mouth and studded with fine scaly papules.

5. The hair is sparse and dry, and falls out excessively.

6. The eyebrows are thin especially toward the temples. The hair thus out noticeably about the temples.

7. The complexion is unhealthy, dirty, inclined to be sallow or skim-milk gray.

8. The skin is too dry—that is, it lacks oil; therefore the individual has a hard time trying to keep comfortably warm.

Since the functional integrity of the ductless glands is a requisite of youth, and functional insufficiencies of the ductless glands mean senility, the skin abnormalities mentioned are those commonly noticed in young adults with prematurely aged skins. When premature old age thus manifests itself something in the way of ductless gland feeding under the direction of the physician will usually stay the progress and often actually

back up old Time in his flight. Then, too, there are other means, natural means, of arousing the weary ductless glands to their duty, though that is another story.

Can We Conquer Russia by Kindness?

The hand that feeds Russia is liable to be bitten, in the opinion of some skeptical editors who doubt the wisdom of applying to our dealings with Lenin the apostolic injunction: "If thine enemy hunger, feed him." According to one paragrapher it looks as tho the Allied statesmen thought the policy of "feed the brute" ought to work as well with a hostile nation as it is supposed to do with a balky husband. The *Echo de Paris* wonders how "we are going to do business with the subjects of Moscow without doing business with Moscow, since by military requisition they can take anything sent into Russia." The *New York Times*, in taking a dig at Mr. Lloyd George, says that he "having failed to kill the wolf, now offers him a juicy bone." Yet as we study the editorial opinion in this country we find much approval of the new Russian policy. The *Newark News* calls it "the most sensible and hopeful move that has been made in dealing with the Russian muddle."

Love and Married Life

By IDA MCGLOTH GIBSON

WHAT'S the matter, Katherine?" asked Helen. "You look as though your letter fussed you." Then I realized that the blood was flushing my face. Was it possible that Alice, or anyone, could think that Karl Shepard was in love with me?

"White violets and the word 'Forgive!'" All those little notes and flowers at the hospital! His interference in John's flirtation with Bess Moreland! Still I could not believe it might be true!

Almost as if in answer to my silent heart questioning Helen said:

"Strange, isn't it, that that handsome Mr. Shepard has been a bachelor so long? Propinquity can not have much force in his case, or he would have long ago fallen in love with some girl of your set."

"Propinquity has two distinct results. A person either grows very fond of another or mutual dislike ensues."

But while I was saying this the phrase "white violets and the word 'Forgive!'" was floating through my mind.

Not a Wicked Woman

I don't think I was a wicked woman because the thought gave me a little joy, a little pleasure, a little warming about my heart. My bruised spirit had been so hurt and torn that the fact that someone in this wide world was ready to pour the balm of adulation upon it was consoling.

However, I still had sense enough to know that in that direction danger lay, and I rose quickly from the table, saying:

"Come on, Helen; I'm going for a long hike. Let's walk up to the inlet and back."

"Splendid," said Helen, as she adjusted her step to mine, and in a moment we were on the board walk.

Helen and I had no need of asking each other if we were real friends. We proved it daily by the long, meaningful silences that fell between us. This morning we covered the distance from the hotel to the inlet without a word. The sun came out gloriously, and long before we reached our objective I had to remove my heavy sweater. Much to my surprise, however, I found that my breathing was a little labored and the first words that I said to Helen were: "I've got to get back into athletic trim. You see it has been months since I have done any of my old stunts. I hope I look as well now as you do."

I commented as I turned to her. Her glowing cheeks and brilliant eyes made her appear like the girl I had known and loved so many years.

Good to Be Alive

"Oh, it's good to be alive, isn't it?"

Katherine?" she said, as her hands went out as if in invitation to the sun and sea.

"Is it?" I asked, and then I added: "Yes, of course it is. It must be! It shall be!"

Helen silently put her hand on my arm but with rare tact she did not look into my face.

"I'll race you back the first half mile," she said, as she looked quickly down the walk to see if there were many present to be interested in our mad prank.

"All right! Here goes!" I answered.

Off we started, but before we had gone half the way I felt my heart pounding and my breath coming in short gasps. I stopped abruptly and seated myself on a bench beside the walls.

Helen looked around in surprise, and then came back in great contrition.

"Oh, my dear, I forgot that you had not fully recovered from your illness! After your bath this morning you looked the picture of health. Forgive me, won't you?"

"White violets and the word 'For-

give!'" Again the words seemed to stare up at me from the white lace of Alice's letter.

Utterly vain and conceited! How foolish! How utterly vain and conceited I am! Certainly if Alice had dreamed of the importance I should attach to her words, she never would have written them!

She could never think anything of this kind or she would not have been so quick to have helped Karl Shepard to make this flower-laden devoirs easy.

My heart would not stop pounding. I grew a little frightened, and I think Helen did also, for she seated herself quickly beside me and threw her arm about me. For a few moments I rested quite relaxed with my head on her shoulder and then my breath began to come less gaspingly. But I still felt a weakness in my knees.

"Helen, I am afraid I won't be able to walk back to the hotel. Hail that roller chair and we'll ride."

"I shall never forgive myself, Katherine, if anything happens to delay your recovery while you are with me."

"Nonsense, I'm only weak because of my long illness. No one could help getting well in this great atmosphere."

FASHIONABLE NANCY

Here Nancy's very plainly dressed in blue serge dress with white net vest.

A coat effect—quite plain and neat. Attractive for the home or street. A dress, we've heard Miss Nancy declare.

From which you really get the wear.

Mr. and Mrs. Morton F. Dawson, of west Wayne street, entertained with a 6 o'clock dinner at their home on Thursday evening in honor of Mrs. Dawson's birthday anniversary.

The color scheme of pink and blue was effectively carried out, with the centerpiece of the table of pink roses. Nut cups and place cards were daintily pink and blue affairs.

Covers were laid for: Mr. and Mrs. A. E. Ransbottom, Mr. and Mrs. W. O. Parker, Mr. and Mrs. C. Treaster, Mr. and Mrs. William Floe, and daughter, Mr. and Mrs. F. M. Dawson, Mr. and Mrs. Fred Brodbeck, Francis Clark, Clyde Treaster, and Miss Helen Dawson.

The regular monthly meeting of the Faithful Workers class of the South Side Baptist church was held Tuesday evening at the home of Mr. and Mrs. Caldwell, of Center street.

Seventeen members responded to roll call. Following the regular business session several papers were read. Forest Baker presented a paper on "Taschall." D. C. Royce told of the history of the church from the foundation to the reformation.

The Greatest Passage in the Scripture to the Christian was discussed by John Hill. At a late hour a dainty luncheon was served by the hostess.

Miss Anna L. ... of 502 west Kirby street, was hostess to the members of the Gramma Bernstein club at her home Wednesday evening. The time was spent with music and dancing and at a late hour the hostess served a dainty luncheon.

Members enjoying the affair were: Misses Tallo Brewer, Bessie Reese, Elizabeth Wisternman, Doris Ballinger, Charlotte Steve, Imogene Ferguson, Ernie Ferguson, Carmen Richmond, Lova Jacobs, Florence Wells, Odette Tyler, Florence Leisner and Gladys Lee.

Mrs. William A. Kender and daughter, Lovella, of Santa Fe, are the guests of friends in this city.

Dwight Neff, of Ohio State University is spending the week-end with his parents.

Miss Beatrice Sherwood, of Columbus, is a guest of the C. M. Hunter home on west Wayne street.

"ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

Nothing but sustained quality and unflinching effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and onrushing new ones, gripe, throat-tearing cough and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today.

Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 60c and \$1.20. All druggists.

Stubborn Bowels Tamed
Positive action, yet natural, comfortable, pleasant. Dr. King's New Life Pills are a boon to bowels that need assistance. They eliminate fermenting waste and put the system in normal shape. All druggists—25c a bottle.

A group of young business men, organized under the name of the Amilo club will hold a dinner and meeting at the Lima club Friday evening.

The matinee and evening performances of the living pictures to be given in the Central High school auditorium by the Art club has been postponed until the coming week. There will be a matinee on Monday and Tuesday afternoon and a performance on Tuesday evening.

The members of the Armistice club enjoyed a delightful dinner party at the Elks Home on Sunday evening. Following the dinner the guests repaired to the home of Mr. Mrs. Roland Whitton, where an evening of games and music was enjoyed. Covers were laid for: Mr. and Mrs. David Allaire, Mr. and Mrs. H. Cooper, Mr. and Mrs. Ernest DeVoe, Mr. and Mrs. Edward Maag, Mr. and Mrs. Rose, Mr. and Mrs. Roland Whitton and Mr. and Mrs. Herman Tobler.

The Wayfarer's club will be the scene of an enjoyable affair on Friday evening when the Mu Lambda Kappa Fraternity will entertain

with a dance. This is the initial affair of a series to be featured by this organization. Dancing will be taken up at 9 o'clock with the Regan orchestra furnishing the music.

The Ladies Social Circle of the U. C. T. will hold a meeting on Saturday afternoon. Mrs. A. May, Mrs. R. Shank and Mrs. H. Tilton will act as hostesses.

The meeting of the T. and T. club to have been held on Friday evening with Mr. and Mrs. John Roby, of west Market street, has been postponed.

Mrs. William Gerstenlauer, of Brice avenue, was hostess to the members of the North Division of the Zion Lutheran Ladies Aid society on Thursday afternoon. Mrs. Earl Armstrong and Miss Lillian Klein were guests. In a unique contest held Mrs. Armstrong was successful.

Agony of Asthma

New Prescription Gives Instant Relief. Makes Breathing Easy

Thousands of people suffer from bronchitis or asthma and asthma who, having tried advertised remedies, including "patent" inhalers, coughs, do not find relief. Without treatment, however, nothing can ever make them well.

Extensive experiments finally enabled a Worcester, Mass. physician to find a simple, harmless remedy that gave almost immediate relief in even the most stubborn advanced cases and great relief in all other cases without treatment.

Many cases who for years have been obliged to sit up in bed, gasping for breath and unable to sleep report that they now take a dose of Oxidase when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep.

Oxidase is a safe treatment, easy and pleasant to take and contains no harmful, habit-forming drugs.

and Mrs. Edward Hohl received the consolation prize. At 5 o'clock a delicious tea was served.

The next meeting of the society will be held with Mrs. Edward Hohl, of west Haller street.

Mrs. Bert Hamilton was hostess to the members of the Eureka club with euchre at her home on Thursday evening. At the conclusion of the game Mr. and Mrs. Louis Foote held high score. Mrs. Clyde O'Toole favored with several vocal numbers. The hostess served a dainty luncheon at 10:30 o'clock.

The club will meet next Wednesday evening with Mr. and Mrs. L. Kahler, of Linden street.

PLAN SCHOOL TO TRAIN NURSES

Red Cross Officials Want to Prepare For Emergency

As a precaution against possible existence of a serious influenza epidemic here, Red Cross officials are now contemplating formation of classes for nursing to be open to all women in the city.

Mrs. Irene Mills Jackson, of the home service section of the Red Cross is an advocate of the proposition and says that the nursing division of the Red Cross will in all probability get into executive session shortly and form plans for the classes.

Regarding the idea, Mrs. Jackson says that at present there is no need of additional nurses but that formation of the class would mainly serve as a school for education of nurses who could be used immediately should the emergency arise.

LIST OF ERRORS WOMEN MAKE IN BUSINESS LIFE

CHICAGO — Here are the main errors women make in everyday business life given by Mrs. Irving L. Stern, head of the women's division of the Federal Securities Corporation:

Neglecting to get receipts when bills are paid in cash.

Neglecting to keep such receipt readily accessible.

Inability to keep check books balanced.

Careless handling of valuable business papers.

Attaching signatures to documents without proper understanding of their full contents.

Tendency to live beyond current income.

Failure to conserve income and to save consistently lessen hope of comfortable old age.

Tendency to invest money on dangerous hearsay without proper knowledge of facts.

Failure to encourage the habit of thrift partially started during war conditions.

PEARL FUNERAL.

Funeral services for J. W. Pearl, pioneer resident, who died at his home Central avenue and Wayne street, Wednesday morning, will be held at St. Rose church Saturday morning at 8:30 o'clock. Burial will be at Cothamant.

AUTOS CROSS HUDSON ON ICE.

ALBANY — The Hudson River is completely frozen over from Albany to Hastings-on-Hudson. The thickness of the ice is twenty-four inches in the channel. People are walking across and sleighs or automobiles have been making the trip to the foot of the Palisades.

SMARTEST SPORT COMBINATION FOR THE 1920 SUMMER SEASON

TWO DIVORCE DECREES ASKED OF LOCAL COURT

Charging that she did all within her power to make their home unhappy for him and the children, whose custody he asks, Paul Cercione, 776 South Union street, filed suit Thursday afternoon for a divorce from Elizabeth Cercione. They were married in April, 1906, and have four children, ranging in age from 13 to eight years.

Desertion is charged by Mrs. Lulu M. Miller, 924 East High street, in a suit for divorce against Zed. I. Miller. They were married in Desler in February, 1910, and have a child, Evelyn, nine years old. He has been absent since last December, she charges.

Here is shown an unusual combination of fabric in a smart sports model for "over the week-end" wear. The separate skirt is of white 1920 Fan-Ta-Si, while the coat is of white Baronet satin.

TESTED RECIPES

Goulash—Brown one cup chopped, left-over meat with a medium sized onion in drippings. Add one cup of canned tomatoes, and two cups of cooked macaroni. Season and brown in oven. This is a most satisfying and savory dish.

Salad (Jellied tomato) — Add one cup of strained canned tomato, one teaspoon lemon juice, one-half teaspoon sugar (could be) to one-half envelope gelatine moistened in one-quarter cup of cold water. Chill in rounding moulds that will make forms resembling tomatoes when turned out. Stick into top several small celery leaves, and put a ring of heavy mayonnaise around it. Light but nutritious.

Cranberry Conserve — Boil two cups cranberries, two cups water, two cups sugar, rind of one orange—until latter is tender, add pulp of one orange, one cup raisins. Boil ten minutes, add one-half cup chopped nuts, and bring again to boil.

Escalloped Cabbage and Rice—Oil a baking dish and fill it with alternate layers of cooked rice, white sauce and raw cabbage that has been chopped fine. Sprinkle the top with salt and pepper, bread crumbs and bits of butter, then bake an hour in a moderate oven, keeping the dish covered the first forty-five minutes.

Turkish Rice—One cup boiled rice, two cups tomato juice, one chopped onion one-half cup chopped almonds. Add the nuts and seasonings to the boiled rice and simmer slowly for one hour.

Spanish Rice — Two cups boiled rice, one cup chopped ham, two cups tomato sauce, one tablespoon chopped parsley. Place a layer of rice in a baking dish, cover with a layer of ham, moisten with tomato sauce and continue until ingredients are used up. Bake in a moderate oven for fifteen minutes. Serve garnished with chopped parsley.

Italian Rice—One cup rice, one cup stewed tomatoes, one-half cup grated cheese, one and one-half tablespoons butter, one tablespoon salt. Boil the rice, then drain. Melt butter, add chopped onion and cook until brown. Add tomatoes, salt and simmer for thirty minutes. Pour over the rice, sprinkle with cheese and

serve at once. For inexpensive desserts rice also has many possibilities. One of the best of these require no eggs, an advantage at the present time of high prices.

TRY THESE.

English Plum Pudding — One pound suet minced fine, one-half pound seedless raisins, one pound currants, one tablespoon baking powder, three tablespoons bread crumbs, one tablespoon cinnamon, nutmeg, a little salt, four ounces candied citron and lemon peel, six tablespoons flour, seven ounces brown sugar, eight eggs well beaten, two wine glasses fruit juice or cider. If too thick, add a little milk.

Mix all dry ingredients first, eggs and fruit juice or cider last. Boil or steam six hours.

Left-over Rice—Left-over rice may be deliciously utilized by packing it in baking powder tins, and letting it stand long enough to mold. Then slip it out of the tin little by little, slicing it as it is slipped out. Fry these slices first on one side and then on the other as you would a pancake, using any fat which you prefer.

Prune Pie—Wash and soak one pound of prunes over night in water enough to cover them. Cook in the same water until tender. Line a pie plate with rich paste and fill with the prunes and some of the liquid, reduced by simmering to a small amount. Sprinkle with one-quarter of lemon juice and one tablespoon of sugar.

Orange Meringue Pie—Two tablespoons cornstarch, one-half cup cold water, one cup boiling water. Cook together for three minutes, stirring constantly, then remove from the fire and add the juice of three oranges and the rind of one, a cup of sugar and a speck of salt. When cold add the beaten yolks of three eggs.

Turn the mixture into a baked pie shell and cover with the beaten whites to which have been added four tablespoons of powdered sugar. Put in a very slow oven and brown slightly.

Apple Pie—Four or five small apples, one-third cup sugar, one-quarter teaspoon grated nutmeg, speck salt, one teaspoon butter.

Line pie plate with paste. Pare, core and cut the apples into eighth, put row around plate one-half inch from edge and work toward center until plate is covered, then pile on the rest of the apples. Mix sugar, nutmeg and salt and sprinkle over the apples. Dot over with bits of the butter.

Wet the edges of the under crust with cold water, cover with upper crust, and press edges together. Bake forty to forty-five minutes in a moderate oven. Cinnamon may be used instead of the nutmeg.

IT'S HIPS M'DEAR: THEY'RE IN STYLE

By ELOISE

We have been hearing and reading a great deal recently, to be specific since July 1, about hip, hip, hooray parties. But men who are reluctant to part company with old J. Barleycorn are not the only ones who are giving hip parties. The very daintiest young women, even the most puritanical prohibitionists, are participating in a very different kind of hip, hip, hooray party.

Every formal and informal affair which is given nowadays is attended by women, most of whom are wearing the new frocks with the distended neckline. For several seasons past the hipless models have been the vogue and it has been a long time since women have even acknowledged they have hips. Now, however, they are glad to own up to them and hips are once more the style.

This most charming costume which is designed for the first spring dancing parties is fashioned of Nile green taffeta combined with lace. Unlike most frocks the lace forms the foundation and the taffeta the paucity of the usual silk foundation and lace overdrapery. The extreme buoyancy at the hips is obtained by wiring the silk. The quaint little bodice with its diminutive sleeves and modest round neck is an effective contrast to the extreme skirt. Tiny bunches of satin fruit are just the right trimming touch.

LEGAL BATTLE ON

Damage Suit Hotly Contested in Common Pleas

Testimony was still being taken at a late hour Friday afternoon in the trial of Steve Vasely against John O'Connell, for damages, for failure to comply with terms in a lease.

The case began Wednesday morning and is being fought every inch of the way by Attorneys James J. Wendock and Harry J. O'Connor, for O'Connell and Frank H. Downing for Vasely.

On February 6, 1918, a jury gave Vasely a verdict for \$1,000. O'Connell appealed the case to the court of appeals, which found error and remanded the case for a new trial. The jury on June 20, last year, returned verdict in common pleas for \$1,600.

Judge John P. Bailey, Ottawa, is presiding judge.

THE SCREEN

RIALTO—There are times when our near-sightedness, our microscopic concentration causes everything to become destroyed; times when instead of looking about to discover cause, we expend all our energy finding fault with effect. While this condition is the product of the animal sense many of our most intelligent humans are prone to fall into this purely natural error and cause unnecessary pain for themselves and others.

Just how far-reaching the penalty for near-sightedness can be is the engrossing theme in Ivan Abramson's photodrama "Someone Must Pay" which will be shown at the Rialto theatre Sunday.

Author-director Abramson does more than merely tell a story on the screen, he singles out the one great human weakness jealousy, and shows conclusively that love is love only when it can be interpreted into terms of absolute trust. Love is love only when it gives and demands no return; and that love cannot be subjected to scientific analysis, because once the speculative factor enters it becomes selfish, and the result is jealousy.

In "Someone Must Pay" Director Abramson has unquestionably done his best work for the reason that he handles a great big human subject in a human manner.

WRESTLING CROWN STAKED FRIDAY

War whipped a lot of good boys, but it didn't show up Georges Carpentier.

What did it do to Sergeant Earl Caddock?

Did it sap his strength, undermine his vitality and smother his lungs, or did it make him stouter, more vigorous and handy?

The spotlight focuses Friday night on Madison Square Garden where Caddock and Joe Storch are to grapple. Interest is centered on the outcome not only because the world's wrestling championship is at stake, but because it will furnish material for the sport who have been swapping opinions pro and con on war's effect on athletes.

Caddock threw Storch in 1917 and won the world's wrestling championship. Since that time, however, he has come thru a war, he has done a hitch at the front, lived in the trenches, slept in the mud and ate of "army chow" that he, himself, didn't agree with him and finally was gassed in the Argentine. Storch and his bit in the navy and didn't have such a strenuous time.

Opinion is running to the belief that it would be a question of physical ability and endurance and in this respect the talent is inclined to favor Storch by a nose on the foreign grounds. Caddock looks fit and pronounced a lay off in perfect condition. But weak spots under the hide may crop out when he goes into a tight fight of hours, when every nerve every muscle and fibre is taxed to the utmost. Then there is the effect of the gassing to consider.

Any doughboy who has had a lot of it knows that a victim does not overcome the effect of a good dose of poison in a year or even more. Caddock and Thursday he had a keen outdoor cure and felt no ill effects from it in several bouts since he was discharged. But it may rise up and slap him in the face, or lead to some other ailment of his body.

The match will be done on the night of the 10th and money will be refunded and the bout will go to a draw, said Promoter Jack Curley.

JIMMY WILDE DISPLAYS HIS K. O. WALLOP

Jimmy Wilde displayed for the first time in America his K. O. wallop Thursday night at Milwaukee when he floored Mike Eide for the third round of the scheduled ten round bout.

The "Sleep producer" was a right handed punch to Eide's jaw following a straight left to the face.

The Englishman had the best of the fight from the start, taking the offensive at the ten of the going and carrying the fight to Eide till the

JOHNSON SAYS HE WILL RETURN TO U. S.

Jack Johnson thinks that he can come back to the United States, clear himself of the charges against him, and then start into the fight game once more.

Such a statement was given out by the big black at Mexico Thursday according to reports reaching this state.

Reports from Johnson say that the former champion hopes to meet Federal agents at Chicago on his arrival in this country and settle the charges against him.

Johnson then hopes to get into the ring with Jack Dempsey for the world's heavyweight crown.

HORNSBY SAFE FOR CARDS

All this talk about John Mott and the Negro League has by the time a season to work at shortstop for the Giants was proven as so much hot air Friday morning when the management of the St. Louis Cardinals announced that they had been signed to a 1929 contract.

All sorts of rumors had been current to the effect that the Cardinals was offering a heap of gold to the St. Louis infielder and that Branch Rickey had about decided to make the bargain.

Rickey early in the hot stove season said that he would not offer Hornsby to the Cardinals under any consideration and the spilling of oil on the part of the crack infielder Friday bears out the statement of the Cardinals owner.

FRANKIE BURNS VICTOR

NEW YORK -- Frankie Burns, a 145 pounder, fought a featherweight to the ring Thursday night in New York and knocked out Babe Astey in the third round of a scheduled eight-round bout. On his last appearance in the ring, Burns was knocked out by champion Johnny Kilbane.

CENTRAL OFF FOR TIFFIN

Central travels to Tiffin Friday, meeting the Tiffin high school quintet. Coach Hauenstein has worked hard all week with the boys and they are in tip-top shape.

Edwards, center, is still suffering from a sprained ankle sustained several weeks ago and it is not known whether he will be able to play or not.

Tiffin walloped South last week and hopes from that city is to the effect that she will trim Central also.

Whether Central will be able to pull herself from the rut is the question in the minds of the local fans. So far Central has suffered four straight defeats. The line-up will probably be as follows: Center, Laughlin or Edwards; Forwards, Young and Layle; Guards, Blunk and Douglas.

SOUTH TACKLES FOSTORIA HI.

South Hi meets the champion Fostoria quintet Friday evening at South gymnasium. According to the dope South has the better chance of victory.

The Fostoria unmercifully walloped South in foot ball by an 80 to 0 score. South claims to have a better basketball quintet than the up-state team.

The Fostorians barely defeated Central by two points recently. South has held teams that played better to much better scores than did Central.

The line-up will probably be as follows. Center, McClain; Forwards, Roeder and Burkhardt; Guards, Mowery and Creman.

RARIDEN SIGNS 1920 CONTRACT FOR CINCY

William (Bedford Bill) Rariden, catcher for the Redlegs during the successful 1919 drive for the National league pennant Thursday placed his John Hancock on a 1920 contract for Pat Moran.

The amount Bill signed for is not given out by the Cincy management.

BASEBALL RULES TO BE CHANGED

For the first time in a number of years, the rules committees of the major leagues seem to have something to do. There isn't much doubt but that some changes in the code will be made by these magnates at the joint session of the leagues here in February.

President Veeck is in favor of the four members of the rules committee, stated yesterday that a letter from President Heydler of the National league had suggested it might be well for the committees to start to work about February 8 or 9, a couple of days in advance of the joint session so they would have time to discuss thoroughly the proposed changes. President Baker of the Phillies is the other National league and Connie Mack of the Athletics and Clark Griffith of Washington are the two American league members.

Besides formulating some rule that will abolish the spitball, shine ball, and other freak deliveries, the committee will discuss and probably make changes in one or two other departments of the game. Both leagues have come out in favor of the abolition of all freak pitching, so that change seems assured.

Another one possible is for the purpose of increasing batting, and along that line, the suggestion of Manager Mitchell of the Cubs of abolishing the out from a caught foul fly is to be considered. Mitchell's point is that if a batter cannot be retired on a foul ball that is a grounder, why should he be retired on a foul ball in the air? Abolishing that would give batters many more chances to make base hits.

It has been suggested that a rule be made depriving a base runner of a stolen base when he is allowed to run to second or third unmolested as often happens near the end of a game when that base runners run would make no difference in the final result.

LOCAL GIRLS TEAM LOSES AT SIDNEY

The Sidney Killarney girls' basketball team of the nearby town proved too much for the Lima Pirates, another girl court organization and handed the local a trouncing Wednesday evening to the tune of 19 to 2.

The locals held Sidney even 2 to 2 in the first half but were unable to keep up the pace and thru superior teamwork in the final period the Sidney girls took honors.

Columbus and Dayton teams will be played by the local team shortly, the management says.

The locals lineup as follows: Sarah Laughlin, Dot Hunter, Geraldine Sites, Audrey Spiker, Helen Johnson, June Arthur and Janet White.

FORCEFUL SERMON BY EVANGELIST

Many Services Are Held Daily
By Company

The beautiful stereopticon views illustrating "Rock of Ages" and sung by Mrs. Minges Thursday night at the South Side Church of Christ, closed another strenuous day on the part of the Minges revival company. At 10 o'clock a number of parlor meetings were conducted on the South Side by members of the party. These meetings were reported to have been most successful both from the stand point of attendance and interest. Two noon meetings were conducted one at the Deisel-Wemmer's North Side factory and the other at the Ohio Steel Works. The afternoon was spent in personal work calls and at 3:45 Miss Gladys Minges conducted a meeting for children at the church.

The entire program last night was of unusual interest. The music by both the choir and special singer could hardly be surpassed. Rev. Franklin, pastor of the church, conducted the baptismal service, during which all the lights in the house were turned out except the red light in the baptistry which produced a beautiful effect. Mr. Arterburn, the Minges choir director, sang "Oh, Make Me Clean".

Rev. Minges took as his text "Weighed in the balance and found wanting" and preached one of his most forceful sermons against sin and during the brief invitation which followed fifteen converts came eagerly to the front to take their stand for the church.

At the close of the service the stereopticon was used and from now on will be one of the strong features. Saturday night the evangelist promised to show a large number of travel pictures of Miami, Florida.

Tonight will be Deisel-Wemmer's light and a large delegation from both the North and South Side factories will be present. The subject will be "Conscience". Sunday afternoon at 2:30 there will be a meeting for both men and women at the church. The subject will be "Which Way?"

MRS. JOSEPH CONNERS WELL KNOWN LIMA LADY HIGHLY ENDORSES THE NUXITE TONIC

SAYS SHE HAS NOT BEEN FEELING WELL FOR SOME TIME

"It certainly is wonderful how quick the right medicine will get a person to feel right again," said Mrs. Joseph Connors, who lives at 604 Atlantic St., Lima, Ohio, while discussing the merits of Nuxite. Was asked if she was willing for her statement regarding Nuxite to be made public, Mrs. Connors, said: "Yes, indeed, it is a pleasure to tell the people of Lima what Nuxite has done for me. I think Nuxite is one of the best medicines I have ever found. If I had not taken Nuxite I believe I would still be a sick woman, as I had just tried everything and I am glad to make a statement that may be of some benefit to others who are trying to find a relief."

"I was operated on for tumor, and since been feeling at times very weak and nervous. Could not rest very well at night, my system was all run down, no energy or ambition to perform my household duties. My appetite was very poor, was constipated, bloating of the stomach, and never knew what a well day was had."

PRICE OF JEWISH BREAD ADVANCED 100 PER CENT

BOSTON — An increase in wages of approximately 100 per cent in the last six months caused the advance in the price of Jewish rye bread from 25 to 20 cents for two pound loaves, master bakers told the Commission on the Necessaries of Life.

Jacob Kazanoff, formerly connected with the State Food Administration, submitted checks which showed that one employee, who in May last was receiving \$33 a week for his labor, today is getting \$60 for the same work.

GEISHAS ON STRIKE
TOKYO — The municipal amusement tax which Japanese town councils have imposed as a means of helping them to meet rising costs was responsible for a strike of geishas in the city of Sendai. The geishas, together with their "agents," the keepers of the geisha houses and the restaurant or teahouse proprietors held a mass meeting in the public park and passed resolutions denouncing the city fathers and pledging themselves to go on strike until the tax was removed.

'THOU SHALT NOT' IS FATHER'S ORDER

RUTH RUSHES HEADLONG INTO TROUBLE WHEN SHE DISOBEYS

By ESTHER WAGNER

"Thou Shalt Not," is the name of a new play featuring Evelyn Nesbit, and Miss Nesbit was never more appealing than in the role of the village High School Belle. "Thou Shalt Not" will be the attraction at the Majestic Theater on Sunday and Monday.

THE PLOT

Ruth was quite the prettiest and most popular girl in Bedford, and without Ruth, a party was sure to be a total failure. She was the darling of the High School, until—

On her way back and forth from school, Ruth passed the railroad station, and there she met Alec Peters, the brakeman, and his subsequent words of love and admiration fascinated her. It was a new and wonderful secret. Ruth's father learned of her secret and was horrified. He remonstrated with his daughter, but Ruth argued that she had at last found real love, a love that was too precious to be spurned. Her father turned her out, and in her grief she turned to Alec, who promised to love and shelter her if she would only come to New York and marry him. Of course, Ruth went to New York with her lover; and of course, Peters did everything but marry her. When no wedding ring was forthcoming, Ruth began to urge Alec to make things right, and he did—in his own way—by casting the girl out of his home and telling her to shift for herself. Then—well to tell how she returned to her native village and how her father and friends received her would be to detract interest from the story. It's a tale of human

interest and intensely appealing, and is sure to make an hour pass pleasantly for fans. Miss Nesbit is supported by an able cast, including Gladden James, Crawford Kent, Eddie Lawrence and others.

FAUROT—"GOING UP"

In making your theatrical flights this season, don't miss seeing "Going Up," a musical comedy that has been the vogue in New York for nearly two seasons. In the first place, it has the solid foundation of a really amusing and coherent plot. In the second place, a captivating score. In the third place, it is presented by a thoroughly capable cast and in the fourth place, it has a spirited, well chosen and good to look at chorus.

A musical comedy that measures up to these standards is too good to be overlooked. To begin with, its story is one of the best that has been related in play form in years, its book and lyrics by Otto Harbach and James Montgomery are snappy and full of "pop" and its music by Louis A. Hirsch is tuneful and whistly, and to end with—it is presented by Cohen and Harris, and this fact alone should be sufficient guarantee of its worth-whileness. Therefore, we repeat, in making up your program of amusements—don't overlook "Going Up" which will be the attraction at the Faurot Saturday matinee and night. It is the last road attraction but one for three weeks.

FAUROT—"THE CANARY"

"The Canary" a Charles Dillingham musical production comes to

the Faurot Opera House for an engagement of one night, Monday, February 2. Its clever stars, Julia Sanderson and Joseph Cawthorn, are proving their right to their description as "two of the most popular musical comedy stars" on the American stage. Doyle and Dixon, eccentric dancers, and Maude Eburne, screamingly funny character comedienne, add to the jollity of the performance. The cast is generous, and the chorus charming. Twenty songs in the best manner of Irving Berlin and Ivan Caryll intersperse the play, and the plot, a frolicsome affair having to do with a lost heiress, a large yellow diamond and a coral necklace unfolds in three acts, from the French of Georges Barr and Louis Verneuil. "The Canary" is the prettiest and most attractive of musical plays. It is the last road attraction at the Faurot for three weeks.

REGENT

Rudyard Kipling, years ago, made a remark about the similarity of the passion of "The Colonel's Lady" and "Judith O'Crady," but it was accepted by most people as being more or less of a poetical fancy. Norman Talmadge, bewitching motion picture star who appears at the Regent in "A Daughter of Two Worlds," which she enacts a role more widely diverse than even the poets contrast, is authority for the statement that Mr. Kipling should be hailed as the discoverer of a divine truth. As "Jenny Malone," Miss Talmadge portrays the daughter of a notorious dive-keeper who becomes a favorite in upper society and demonstrates

the vivid fact that it is possible for a woman to live down her past, even tho that past in later years confronts her.

"A Daughter of Two Worlds" is drawing capacity crowds to the Regent. If you fail to see it you will have just one thing less in life to be thankful for—one thing less to intelligently discuss. Do not make the error of flippantly ignoring this photoplay. But go and see it. Saturday is the last day.

Mabel Normand has put across another "world beater," to use the phrase of a movie critic of a nearby city. As "Pinto" Miss Normand is a girl of the West who has grown up under the guardianship of five ranchmen in whose care her father left her when he died. Her exploits on her pony nearly drive the cowboys to distraction and they are happy when they learn that she is to go to New York for a visit with "Pop" Audry, a former cattleman. "Pinto" is the whole show at a charity entertainment in the Audry home. It is particularly bright and pleasing offering with lots of humor and a dash of pathos. D. W. Griffith's newest photoplay, "The Greatest Question" is announced for exhibition next Wednesday.

FAUROT

"Erstwhile Susan," the new Realist picture at the Faurot, establishes Constance Binney as a picture star, and also brings Mary Aden once more to the fore, in the role created by Mrs. Fiske on the speaking stage. Miss Binney herself is youthful, finished in many phases of her work and has something more than the girly-girlishness so long the chief requisite of the film salesman. She and the former Griffith character and the former Griffith character, the rest of the cast is adequate, and the result is a pretty fair notion of the backwoodsmen known as the Pennsylvania Dutch. The story is adapted from the novel "Barnabette," by Helen R. Martin, and on the stage was also called "Erstwhile Susan."

The Faurot's program also includes "Fatty" Arbuckle's new comedy, "The Hayseed," in which the ponderous comedian and the agile Buster Keaton, aided and abetted by a large staff of funmakers, create mirth in great quantities. Other good things on the extensive bill are Topics of the Day and a charming Post Nature picture, "Sunshine and Shadows." Final times tonight.

LYRIC—One of the most remarkable marriage "frame-ups" ever conceived is that enacted in Vitaphone's new production, "The Darkest Hour." This feature will be shown at the Lyric theatre today and tomorrow.

Harry T. Morey is the star. Mr. Morey, playing the role of Peter Schuyler, a wealthy clubman, becomes the victim of the "frame-up." He is sought after by a dozen beautiful debutantes who are attracted by his wealth as well as his personal qualities.

One of the young women, Marion Dinmore whose family has high social standing but low funds, is influ-

enced by her parents and a scheming sweetheart, to deliberately frame up the wealthy clubman. The girl guiltily gets Peter into the position of having unconsciously proposed to her. The engagement is announced instantly and Peter seems to be thoroughly "roped."

On that evening Peter is attacked by burglars in his apartment. A blow on the head causes him to suffer amnesia, or the total loss of memory. He wanders forth and is picked up by the agent of a lumber camp, and is soon converted into a lumberjack. When he returns, several months later, with his memory restored, he finds to his surprise that he is supposed to be married to Marion. This results in a tremendously dramatic climax.

ORPHEUM—The Five American Girls, headliners of the vaudeville bill for the last half of this week and Sunday, missed train connections at Cincinnati, failed to reach Lima in time for the matinee at the Orpheum Thursday afternoon and, tired out and breathless from their journey, just managed to go on at the first show Thursday night. But after a bite to eat and a little rest they filled their allotted place on the six-act program extraordinary at the second show Thursday night and scored a tremendous hit. The American Girls are maidens of melody, whose piquant loveliness will take your breath away. Their haunting melodies and rollicking cadences will sway your very soul and set your toes tapping irresistibly in unison. Beautiful costumes of Colonial days are worn.

This vaudeville bill is the second of a series of four big six-act offerings, the third of which will be presented the first half of next week, beginning Monday, February 2. From every point to excellence and standard of quality, the offering is thorough by big-time and classy from start to finish. The great big comedy hits of the bill are scored by Frear, Baggott and Frear, in "At the Grandstand," and by Harper and Blanks, who present the best blackface act that has come to the Orpheum this year. Frear, Baggott and Frear are a simple and two big league baseball players who meet in one of the most laughable tangles of hilarity imaginable, in the park of a home-town club.

A frothy bit of nonsense, which bubbles and sizzles over with pep, jazz and ginger, is presented "On the Pier," by Jerge and Hamilton. Rapid-fire repartee, with a punch in every line, nifty dance diversions and some tuneful songs make up their offering.

Hazel Leona is a bewitching bit of femininity, who pleases with a repertoire of the snappiest new songs of the season.

The First Signs of Disease are a Poor
Complexion, Weakness, Emaciation
and Lack of Vitality.

The first sign of returning health is increase of flesh, strength and vigor. Body weakness, emaciation and lack of vitality simply means that certain substances like iron, which go to make up the blood and nerves, have become exhausted; and to renew flesh, muscle and strength, the iron must be restored. Dr. Chase's Blood and Nerve Tablets contain iron in its most active and condensed form with such tonics as Nutri-Vomica Gentian, Alion, Capsicum and Zinc Phosphide which makes them a powerful flesh and strength maker and a wonderful restorative to the nerves, imparting the tint of health to the weak, emaciated, convalescent and over-worked. Short Shavings

Some students at Hamilton were discussing the need and the probable effectiveness of a new student organization, and one of the students, Tom, who had just returned from his summer vacation related the following experiences on his father's plantation.

Finding Rastus ready to go to town with a load of produce, Tom joined him.

Now Rastus was a good driver, expert with the whip, and somewhat of a philosopher. On the way to town a large horsefly lit on the ear of one of the leaders of the four mule team. Rastus caught his whip and killed it.

As they rode along he killed a bee in the petals of a rose in the same manner.

Tom, curious, saw a tiger growling over the road, and a bird which was a homely pet. "As we go by, Rastus, let that bird point to the nest."

Rastus paid no attention to the request nor the nest.

"Why didn't you hit it, Rastus?" asked Tom.

After a pause and a fierce look Rastus replied: "No, for that bird organized."

"Kin I borrow a sophist next door?"

You kin, said the goer. "If you want it to put in cool or some thing like that. Put not to make a speech."

ARE YOU A TARGET FOR INFLUENZA?

Hits Listless, Run-down People First—Their Blood Is Thin

GERMS EVERYWHERE IN EPIDEMIC

Be Prepared—Strengthen and Build Up Your Blood with Pepto-Mangan

If it is true that you are not feeling your best—if you have that "all washed-out" feeling, and no interest or enthusiasm—then you should be careful of the influenza.

It is thin blooded, anemic people that disease strikes first. The fact that you have had a few of our illnesses has nothing to do with it. Everyone gets run-down occasionally, and when they do the blood is in no condition to fight off disease germs, because it has not enough red corpuscles. It is the red corpuscles of the blood that fight disease and save you from sickness.

You simply can't afford to take chances when influenza is striking down thousands everywhere. For if you build up your blood—build it up with the pleasant tonic Pepto-Mangan.

And should you be just recovering from influenza, you need Pepto-Mangan because your blood has exhausted its strength. Pepto-Mangan will help build you up.

Pepto-Mangan is a wholly and healthily endorsed by physicians. It is effective and easy to take. Comes in either liquid or tablet form. No difference in medicinal properties.

Sold at any drug store, but be sure you get the genuine Pepto-Mangan—"Gudo's". Ask for it by the name and be sure the full name is on the package. (Advertisement)
